MOST FURIOUS STORM IN 30 YEARS DOES GREAT DAMAGE ON GREAT LAKES

Wind Reaching Velocity of 70 Miles an Hour Wrecks Many Vessels

BILLOWS TWENTY FEET HIGH IN CHICAGO

Barge With Crew of Half Dozen Men Was Seen to Sink Off Buffalo Just Before Noon Today—Storm Which Raged During the Night Still Continues Today—Reports of Damage Come from Numerous Points on the Great Lakes—A Number of Fatalities.

Cleveland, Oct. 20.—Lake Erie was swept by a furious gale last night, the fiercest in many years. The wind reached a velocity of 70 miles an hour and the gale continued today with slightly diminished severity. Reports from ports on the lake show some damage done at Buffalo. The barges Unadilla and Sweetheart parted from the steamer Prinkel and this morning were adrift in the lake. Tugs were unable to rescue them. At Detroit, the Detroit river was blocked to all but the lightest draft vessels, because of the lowest stage of water in the Lime Kiln crossing in years. The blockade this morning affected many vessels.

Canadian reports show harbor damages. At Lorain the steel freighter, Wisconsin, was dashed onto the breakwater. The vessel was badly damaged. The wooden steamer, Sarah A. Sheldon, is on the shoals east of Lorain and the tugs are unable to rescue her. The vessel is pounding badly and will be a total wreck. Two of the crew are drowned, the captain signalled. The Sheldon was driven ashore last night after a furious battle. Cleveland life savers will attempt to rescue the crew. The schooner Kingfisher was swept from her moorings here and was dashed to pieces. The tug Metcalf was also sunk here.

At Sheboygan, Wis., the schooner Lydia Raesser was torn from her moorings and dashed against the bridge, wrecking the structure and the vessel.

BARGES IN TROUBLE.

Buffalo, N. Y., Oct. 20.—Two barges the Unadilla and the Sweetheart with their crews are adrift in Lake Erie three miles off this port. Tugs have gone to rescue the barges and the men on them. A terrific storm is visible from the harbor and the crews are in danger of being lost. The barges were in tow of the steamer Prinkel, which arrived here at 11 o'clock and reported their loss by the parting of the tow line.

One of the barges was seen to sink with her crew of five or six men just before noon today. Tugs are vainly trying to reach the other barge.

STORM AT BUFFALO.

Buffalo, N. Y., Oct. 20.—This morning a terrific rain and wind storm accompanied by vicious bolts of lightning broke over this city from Lake Erie. Plate glass fronts in several buildings were blown in, and in some instances merchandise was picked up by the wind and scattered over the streets.

NO CALLS AT ERIE.

Erie, Pa., Oct. 20.—A severe storm struck this port this morning. The life saving station reports no calls for assistance.

DR. HOLDEN AND BRIDE RETURN

EX-MAYOR NOT WORRIED BY THE DISCOVERY OF WILL LEFT BY WIFE.

He Said in Zanesville Today That His
Wife Deeded Property to Him Af-
ter Making Said Will.

Zanesville, Oct. 20.—Dr. and Mrs. J. L. Holden returned home from Cincinnati this morning. They were united in marriage by Justice Kepper of Cincinnati. In about a month Dr. and Mrs. Holden will leave on a tour of Europe.

Dr. Holden stated this morning that the properties which Mrs. Holden had willed away were now in his name. Mrs. Holden having deeded them back to him while sick at the Good Samaritan hospital several months ago and while she thought she was on her deathbed.

This was some time after February 1. of this year, when Mrs. Holden's will is dated.

"Wednesday night we crossed to Corvinton," said Dr. Holden. "and tried to get married there but as Miss Coyle was but 19 years old and the law said the bride must be 21, we were compelled to return to the Queen City unmarried."

"Thursday morning we were united in marriage."

DETECTIVES

Get Rich in St. Louis, and the Grand Jury Wants to Get Annexed to the Plan.

St. Louis, Mo., Oct. 20.—The grand jury struck some new leads in its investigation of the police department. Recent rows among officers and detectives in which threats and counter threats were made, gave the first clues. Who scale indictments are said to be sure.

Women of the half world are being

sought. That they are parties to the crookedness alleged is certain. Some detectives may be asked to explain the possession of much wealth. The bank accounts and realty holdings of others will go under the lime light. Still others with a fondness for almost priceless jewels will be given every opportunity to explain.

The investigation may go back quite a period and include some former members of the department.

The spread of vice in the West End is under investigation, too.

Circuit attorney Sager said that the primary election day murder mystery, in which Frederick Scheel lost his life September 19, 1904, would be solved by the indictment of a detective for murder in the first degree.

TO PRESERVE THE FORESTS

Duty of the Present Generation, Says President Roosevelt.

FAVORS FEDERAL RESERVES

Chief Magistrate Visits the Home of
His Mother in Georgia, and in
North Carolina Meets the Widow of
General Stonewall Jackson — Inci-
dents of the Southern Trip.

Atlanta, Ga., Oct. 20.—President Roosevelt today visited Roswell, this state, the home of his mother, later moving on to Atlanta, where he received a tremendous ovation. Mrs. Roosevelt left the presidential party here and returned to Washington.

On his journey through North Carolina the chief magistrate received a continuous ovation. He was greeted by cheering crowds at Durham, Greensboro, High Point, Lexington, Salisbury and Charlotte.

The feature of the president's visit to Charlotte was his meeting with the widow of the great Confederate leader, General Stonewall Jackson. Mrs. Jackson lives within a stone's throw of the station, and when the train pulled in she was present as the head of a committee of ladies appointed by Mayor McNinch to receive Mrs. Roosevelt. When the president was introduced he took her hand and remained talking for fully five minutes. "Mrs. Jackson, you do not know how glad I am to meet you. What the widow of the great Stonewall Jackson? Why, it is worth the whole trip down here to have a chance to shake your hand."

Mr. Roosevelt urged the preservation of forests at one point, saying: "One of the most obvious duties which our generation owes to the generations that are to come after us is to preserve the existing forests. It is the upper altitudes of the forested mountain that are most valuable to the nation as a whole, especially because of their effects upon the water supply. Neither state nor nation can afford to turn these mountains over to the unrestrained greed of those who would exploit them at the expense of the future. We can not afford to wait longer before assuming control, in the interest of the public, of these forests; for if we do wait, the vested interests of private parties in them may become so strongly entrenched that it may be a most serious as well as a most expensive task to cut them out. If the eastern states are wise, then from the Bay of Fundy to the Gulf we will see, within the next few years, a policy set on foot similar to that so fortunately carried out in the high Sierras of the west by the national government. All the higher Appalachians should be reserved, either by the state or by the nation. I much prefer that they should be put under national control, but it is a mere truism to say that they will not be reserved unless by the states or by the nation unless you people of the south show a strong interest in them."

On the subject of railway rate regulation, the president said: "Actual experience has shown that it is not possible to leave the railroads uncontrolled. Such a system, or rather such a lack of system, is fertile in abuses of every kind, and puts a premium upon unscrupulous and ruthless cunning in railroad management; for there are some big shippers and some railroad managers who are always willing to take unfair advantage of their weaker competitors. Experience has shown that the present laws are defective and need amendment. The effort to prohibit all restraint of competition, whether reasonable or unreasonable, is unwise. What we need is to have some administrative body with ample power to force combination that is harmful to the public and to prevent favoritism to one individual at the expense of another."

KID M'COY WEDS A RICH WIDOW

SAYS HE HAS QUIT THE PRIZE RING AND ALSO SALOON BUSINESS.

Norman Selby Married Mrs. Lillian El-
lis Last Night, Said to Be Worth
Two Million Dollars.

New York, Oct. 20.—Norman Selby, better known as "Kid McCoy," the prize fighter, was married to Mrs. Lillian Estelle Ellis, widow of "Bud" Ellis last night. There has been a lot of talk recently that Mrs. Ellis would marry McCoy, Edward C. Ellis, "Bud," inherited a fortune from his father, who made money out of the locomotive works at Schenectady, N. Y.

She was Lillian Estelle Earle, and she met McCoy at McCoy's farm on Saratoga Lake. She was a friend of Julia Selby, McCoy's first wife. They were married against the wishes of Ellis' family. He died in 1903, and he is said to have left her nearly \$2,000,000.

McCoy's wife left him twice, but each time they were reconciled. Then McCoy married Indiola Arnold, an actress. This marriage was annulled by the Rhode Island courts last winter. McCoy and Mrs. Ellis were married at Hotel Algonquin. Rev. John L. Lee, of the Westminster Presbyterian church performed the ceremony.

McCoy says that he has stopped prize fighting and saloon business.

NO INTENTION OF RESIGNING

President McCurdy of the Mutual Life Issues a Statement.

NOTHING CAN DRIVE HIM OUT

Strenuous Week of the Insurance In- vestigation Closes With the Exami- nation of Witnesses Concerning the Mutual's Connection With Trust Companies—Review of Testimony.

New York, Oct. 20.—Richard A. McCurdy, president of the Mutual Life insurance company, made the following statement: "I have not intimated that I intend to resign as president of the Mutual Life insurance company, and I have no intention of so doing. I was elected president until June 7 next and nothing can or will drive me out."

At the legislative hearing President McCurdy was examined regarding the Mutual's connection with the trust companies. The information furnished by Mr. McCurdy disclosed that the trust companies with which the Mutual was connected became very prosperous soon after they were taken up by Mutual Life insurance company. Two cases in point were the Morris-town Trust company at Morristown, N. J., where the McCurdy family live, and the United States Mortgage and Trust company. The former is now controlled by the Mutual Life, and Mr. McCurdy testified that, besides being a director of this trust company, he is a large stockholder and would take a more stock if he could get it. The Mutual Life keeps a balance of not less than \$200,000 with this company, on which it draws from 2 to 3 per cent. The latter rate has been paid only since Sept. 1. Mr. McCurdy did not know the holdings of the other members of his family in this company. In the syndicate deals Mr. McCurdy said he participated not with the idea of drawing bonds, but to obtain his share of the commission allowed by bankers. Mr. McCurdy was asked what life insurance he carried and he was unable to say at once, but James M. Beck, his counsel, presented a statement showing when the policies were taken out, for what amounts, and the plan. These aggregated \$200,000, all in the Mutual. Mr. McCurdy testified that he was also insured in the Equitable, the Washington and the Connecticut Mutual. Before he left the stand Mr. McCurdy said he paid \$4,500 for his apartment in the Grosvenor building, which is owned by the Mutual.

When Mr. McCurdy was examined his son, Robert H. McCurdy, was called to explain some charges for traveling expenses in 1904. He said one of his duties as general manager was to visit the agencies about the country. Three such trips were made, the expense of which aggregated about \$2,500. Mr. McCurdy said that while on one trip he was accompanied by his father, mother, wife and the latter's maid, but the expense account was for himself, and did not include any other member of his family or party. He had a private car on one of these trips. He could not tell why the expense on these trips were so large, but said he would furnish the details later.

LEWIS P. SCHAUS A RICH WIDOW

Newark Man Elected Grand Master of Ohio Masons

MONUMENT FOR MR. WILLIAMS

A COMMITTEE IS APPOINTED TO RAISE THE FUNDS

Mr. Cunningham on Committee to Arrange for Centennial An- niversary in 1906.

Cincinnati, O., Oct. 20.—Lewis P. Schaus of Newark, a 32d degree Mason, has been elected Most Worshipful Grand Master of Ohio Masonry.

The inclement weather of yesterday kept the members of the Grand Lodge from enjoying the elaborate social program arranged in their honor. When the ninety-ninth annual communication adjourned most of the delegates left the city for their homes.

The election of officers furnished some excitement for the convention. All positions, except those of Junior Grand Warden, Secretary and Treasurer, are elective, the rest being by promotion or appointment. As a result of this system Mr. Schaus of Newark, yesterday became the Most Worshipful Grand Master of the state.

Horace A. Irvin of Dayton, who was the Right Worshipful Senior Grand Warden, succeeded Mr. Schaus as Deputy Grand Master. George D. Copeland of Marion, stepped up one grade and became the R. W. Senior Grand Warden. There were several candidates in the field for the Junior Wardship, among them being Messrs. Joseph Kirkup, city; B. F. Perry, Jegereson, and C. S. Hoskinson, the school teacher of Zanesville who is well known in Licking county. Two ballots were taken, and on the second one Hoskinson was declared elected. Ralph R. Rieckly, Grand Treasurer, Columbus, and J. H. Bromwell, secretary, city, were re-elected.

Grand Master Schaus announced the following appointments of Grand Lodge officers: Rev. Hugo G. Elsen-John, Cincinnati, R. W. Grand Chaplain; B. F. Perry, Jefferson, R. W. Grand Orator; H. I. Kissell, Springfield, R. W. Grand Marshal; J. W. Moore, Leetonia, R. W. Senior Grand Deacon; Samuel M. Rutledge, Duncan's Falls, R. W. Junior Grand Deacon, and H. C. Jeremiah, Tobasco, O., Grand Tyler. Past Grand Master Wm. B. Melish installed the new officers at the close of the convention.

Past Master Levi C. Goodale read a report on affiliating with the Swiss Alpina Grand Lodge of Switzerland. The former is chairman of a committee which was authorized to conduct the necessary negotiations. Its report favored fraternal relations between the two jurisdictions, and was unanimously adopted.

O. P. Sperra made an appeal for a monument over the last resting place of S. Stacker Williams of Newark, a Past Grand Master of the Ohio organization, who lies buried in Cedar Hill cemetery at Newark. A committee was appointed to raise funds for a suitable monument. Mr. Williams was former Representative in the Legislature from Licking county.

The centennial anniversary of Masonry in Ohio will be celebrated within four years, and Messrs. Melish, Bromwell, W. M. Cunningham of Newark, Nelson Williams, Leander Burdick, O. P. Sperra and Horace A. Irvin were ordered to prepare a program for that event in time for the next meeting, which will take place at Columbus in October, 1906.

LARGE LOANS TO WM. H. ANDREWS

CANDIDATE CASTLE INSISTS HE GOT THE MONEY FROM THE BANKS.

Thinks He Has Information to Show State Officers Gave Direct Assistance.

Pittsburg, Pa., Oct. 20.—Commenting upon William H. Andrews' denial that he had received any of the Enterprise National bank's money, Homer L. Castle, the prohibition candidate for superior court, said: "If Andrews asserts that he never received a penny from the defunct Enterprise National bank and that his name does not appear on paper for a loan secured from that institution, he is guilty of an unqualified falsehood. I can furnish convincing proof if required that Mr. Andrews has received money, not from the Enterprise bank alone, but from other institutions in this neighborhood. I believe that I have information sufficient to show that certain state officers lent direct assistance to the men who secured large loans in the Enterprise bank, upon collateral which has no known value."

DETECTIVES

Started With Culliffe to Pittsburg This Morning

SUM OF \$80,000 RECOVERED

MONEY WAS IN SUIT CASE FOUND IN CLOSET

Wayward Express Employee Says That He Turned \$20,000 in His Room.

Bristol, Conn., Oct. 20.—The police recovered nearly eighty thousand dollars of the \$101,000 stolen by George Edward Culliffe last week from the Adams Express company at Pittsburg. The money was recovered at the home of Joseph W. Boardman, Culliffe's brother-in-law.

For a week the fortune had lain in an old suit case unknown to Boardman, who was holding the valise, expecting its owner would call for it any day. The exact sum found was \$79,953.55. As the result of the statement by Culliffe in Bridgeport that he had sent \$85,000 of the plunder to his brother-in-law, Boardman, in Bristol, a press representative called at the Boardman house. Boardman, who is the agent here of the Electric Express company of Hartford, said that on Oct. 12 a dress suit case came to his house from Bridgeport, and as there was no name on it he had placed it in a closet, thinking it was sent to him as an agent of an express company to be called for later. Chief Meims and Captain Belden of the police force were sent for, and in their presence the case was torn open. Huge bundles of money in the shape of bills tumbled out. Superintendent J. C. Curtis of the Adams Express company's New England agency took the money to Hartford.

Culliffe, who was arrested at Bridgeport, made a confession, and expressed his willingness to return at once to Pittsburg. He declared that the money which he took was intact and that it could be restored. "Five minutes after I took the money I was sorry," said Culliffe, "but it was too late to do anything. What can you expect from a man getting a salary of only \$65 a month and handling thousands of dollars a day? I was tempted, and I fell in."

Pressed to tell where the missing \$20,000 was hidden, Culliffe finally said: "You'll never get it. I have destroyed it." Detective Thornhill, at first doubtful of Culliffe's story, but the prisoner's story to him, saying that he had turned the money in his room in the hotel where he stopped at Bridgeport. Escorted by detectives Culliffe left this morning for Pittsburg.

The robbery for which Culliffe is wanted in Pittsburg was committed on the night of Oct. 9. The prisoner said that he went directly to New York, and that he came to Bridgeport last Tuesday. In Bridgeport Culliffe has been living at a hotel of an inferior class in the lower part of the city.

SOMERSET

Preparing for Big Event, Sheridan Day Nov. 2

NEWARK'S CO. G IS EXPECTED TANNER, DEWEY, CHAFFEE AND OTHER PROMINENT MEN

Decorations Will be Done by New York Firm for the Monument Unveiling Nov. 2

Somerset, O., Oct. 20.—The executive committee has nearly completed the list of speakers for the unveiling of the Sheridan monument, November 2. Following is the list thus far announced: Corporal Tanner, command-in-chief of the G. A. R., will speak for that organization; Governor Myron T. Herrick will receive the monument from the commission in the name of the state of Ohio and will then present it to the citizens of Somerset; Admiral Dewey will speak for the navy; Lieutenant General Chaffee will speak for the army; Senator J. B. Foraker will speak on "Ohio." It is not certain yet whether Vice President Fairbanks and Secretary Taft will be present or not. The commission on the recent visit to Washington extended invitations to both of these gentlemen and they accepted providing they did not have official business that would demand their presence elsewhere. In case they can come, their subjects will be announced later. The representative of the commission to hand the monument over to the governor and the representative of Somerset to reply to the governor's address have not been decided upon yet. Other speakers will be announced in a few days.

The parade will form at the depot promptly at 11 o'clock and will take up the line of march past the boyhood home of General Sheridan to the public square where the unveiling ceremonies will take place immediately. The escort of honor will likely consist of four companies of the Ohio National Guard. The following companies of the Seventh regiment in command of Major Tom Crossan will likely be detailed for this service: Company A, of Zanesville; F, of Lancaster; H, of New Lexington, and D of Somerset. G company of the Fourth regiment from Newark, will also likely be here. One of the companies will be detailed for guard duty on the public square during the parade. This will be necessary in order to keep the square clear until after the ceremonies begin. The company for this duty has not been assigned yet, but will likely be the home company.

At a meeting of the decorating committee the contract for the decorating was awarded to a firm in New York city. This firm will furnish all the material and decorate all the streets and public buildings. Twelve streamers will be attached to the buildings on the public square and converging at the monument, thus forming a canopy over the entire public square. Red, white and blue will be the principal colors used in the decorations.

The base of the monument arrived last Friday. The work of setting it will be commenced at once and will take about ten days.

CHAS. F. MURPHY

Says That Attorney Jerome Did Seek Endorsement and Sent Man to See Him.

New York, Oct. 20.—Charles F. Murphy, in denying some of the allegations which District Attorney William T. Jerome said in a speech at Carnegie hall, said: "Mr. Jerome said that he never sought endorsement by either party. That is false. Jerome sent a confidential man to see me on three or four occasions on his own behalf. He said that he was anxious to meet me and to have a distinct understanding with me. He even agreed to put the Tammany Hall general committee."

SEEKS TO WEAKEN FIELDS OF RIVAL

ONE OF OLD GAS COMPANIES TO OPEN UP MORE LICKING COUNTY TERRITORY.

Mystery Surrounds a Deal by a New Company for the Sale of Natural Gas.

Columbus, O., Oct. 20.—As a means of fighting the Columbus Natural Gas company, now seeking a franchise in Columbus, the Federal Gas and Fuel company, which has fields in close proximity to those of the Columbus company, will immediately, it is said, proceed to draw on those fields for as much gas as it can, in order to weaken and reduce the supply of its competitor. The fields are in Licking county. In the past they have not been worked as vigorously as others owned by the Federal company.

Some years ago the Central Ohio Natural Gas and Fuel company, which now is included in the interests which control the Federal company, had leases covering the land where the Columbus company has discovered gas in good quantities. The Central company, however, was unsuccessful in its prospecting and permitted the leases to run out.

Considerable mystery surrounded the meeting. Franklin Rubrecht, attorney for the Columbus company, said he believed the deal had been closed some time ago.

At a meeting of directors of the Columbus company, held this week at the Chittenden hotel, a deal is said to have been closed whereby the cities of Ken-

ton and Lima are to be supplied with gas from its fields.

One of the directors said to represent interests which control nearly one-half of the stock of the company, declared that such a deal had been closed three months ago. He said that the matter did not come up at all yesterday. The directors were simply discussing routine matters, he averred. "This does not mean at all," he said, "that we won't have enough gas for Columbus. It is simply a case of finding a market for our gas. We are pumping all the time. We will have plenty of gas to meet the provisions of the pending franchise."

SUSPECT HELD

Geo. Rothwell Locked Up at Cincinnati—Police Believe John Rooney Was Murdered.

Cincinnati, O., Oct. 20.—George Rothwell, 45, was locked up on suspicion of having been implicated in the quarrel which resulted in the death of John Rooney. Developments led the police to the belief that Rooney, who was found unconscious, had been murdered, and was not the victim of an accident. His neck was broken and there were bruises on his head and chin which gave strength to the murder theory.

GAS PUMPING AT GRANVILLE

WORK ON NEW STATION THERE IS BEING PUSHED BY SUPT. MONTFORT.

Spring Festival—Soldiers' Reunion—Democrats to Nominate Saturday Evening.

Granville, O., Oct. 20.—An Advocate representative visited the Lima pumping station just south of the village on Wednesday and found Superintendent Montfort busily engaged in pushing the completion of the plant, a large number of men being at work. Superintendent Montfort, however, was not so busy but what he had time to greet the correspondent and show him over the plant. The large boiler building, which is 100x50 feet, has been completed and is now receiving a coat of paint, and the eight large tubular boilers are now being placed in position. The foundations for the engine are all ready for the cement, which has not as yet arrived, but is expected at any time. The work on the plant is being pushed and it will be completed as soon as possible.

The members of the Freshman class enjoyed a social afternoon and evening in Cleveland and Irving literary societies on Wednesday. A different kind of entertainment had been provided but had to be given up on account of the rain, so the members of the class repaired to the society halls on the hill, where a general good time was enjoyed and refreshments served. The Republican committee consisting of M. P. Ashbrook, E. S. Reed and E. A. Smoots, who are empowered to fill vacancies on the ticket met Wed-

nesday evening and nominated Chas. J. Wright to succeed E. S. Reed, who succeeded the late W. H. Ports, and who under appointment by the mayor, should have held the office of village treasurer until January, 1906. At the recent Republican primary this nomination was overlooked.

The chorus for the spring festival is rapidly getting into shape and promises to far surpass that of last season. The chorus numbers now 100 voices, but the male section is so strong that ten more sopranos and fourteen more altos are needed. Monday evening the chorus membership cards will be given out and the chorus seating arranged. It is also expected that new music will be taken up.

Charles Sinnett, T. A. Jones, Moses Goodrich, Henry Case and James Jackson attended the reunion of the old 130th regiment O. V. I. at Mt. Sterling on Wednesday of this week, and report having had a splendid time with their old comrades.

Mr. and Mrs. D. M. King of Middletown, O., who have been visiting relatives here for the past week, returned home on Wednesday morning.

Dr. and Mrs. C. M. Burns of Dayton, Wash., have moved to Granville, and have taken up their residence in the Marlow house on Centerville.

The Democrats of Granville and Granville township, will meet in the convention room of the town hall on Saturday evening, October 21, at 7 o'clock, for the purpose of nominating candidates for corporation and township offices.

Henry Harrison a prominent farmer of Morrow county, was here on business Thursday.

Miss Jessie Wright is visiting friends and relatives in Mt. Vernon for a few days.

Mrs. Joseph Norris has returned from a two weeks' visit with friends in Coshocton county.

Joseph Norris, one of the accommodating salesmen in Wright's grocery, took in the big Coshocton County Fair.

Secretary of Treasury Pays Visit to Wall Street to See the Bankers There.

New York, Oct. 20.—Leslie M. Shaw, secretary of the treasury, visited Wall street. His mission, according to report, was to confer with Wall street bankers in regard to the flotation of the Panama canal bond issue and to sound the bond dealers concerning the legislation necessary to make the bonds marketable at the price agreed upon when the issue was determined.

OSSIFIED NECK

Saves Gardner From the Gallows, and He Goes to the Penitentiary for Life.

Chicago, Ill., Oct. 20.—Robert Gardner, the "man with the ossified neck," who asserted that hanging would not kill him, was sentenced to serve life imprisonment for murder. He killed Agnes Morrison, his common law wife last June.

Gardner is a sufferer from solidification of the bones and tissues of the neck. His neck is elongated and as hard to the touch as stone.

To his attorney, William Buckner Gardner declared that hanging would not kill him. He said that a drop through a trap door would not break his neck and the constriction of the hangman's noose would not strangle him.

Attorney Buckner's announcement of these facts in court gave the case a new and curious angle.

GIRLS STRIKE PLANT CLOSES

DEMAND FOR WAGE INCREASE AT ENCAUSTIC TILE WORKS AT ZANESVILLE.

For First Time in Its History, Immense Plant in Clay City Closed Owing to Labor Trouble.

Zanesville, Oct. 20.—For the first time in its history, the immense plant of the American Encaustic Tiling company is closed because of labor troubles. Four hundred girls went on a strike for an increase in wages, and every department of the immense factory is seriously affected.

The girls demand an increase of from \$5 to \$6 a week.

Difficulty has been going on in the press room of the factory for some time between the foreman of the room, Fred Dieterly, and the girl employees. The girls claim that the foreman has shown partiality on several recent occasions to certain employees of the room. They also want more money for their work, claiming that the girls who work in other departments of the factory do not labor any harder than themselves, but are able to make more.

About 800 people are employed at the plant of the A. E. Tile company. Most of these were forced to quit work for the day on account of the girls striking.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50c.

HACKED

To Pieces by the Bartender, But Still Force Was Necessary to Take Him to a Hospital.

Muncie, Ind., Oct. 20.—Oscar Arbister, a peddler, was hacked to pieces with a hatchet at the Pat Lyons saloon last evening by the bartender, Buck Dolan. The peddler whipped the saloon porter and was then attacked by Dolan, but fought bravely against odds.

There are two long gashes in the head, one a skull fracture, three gashes in the face, and a half dozen on the shoulders and arms, a piece of bone being chopped out of the right wrist. The injuries seemed sufficient to kill an average person, but Arbister had to be forcibly taken to a hospital.

TO A HORSE

He Set Up the Drinks and Was Then Fined for Treating a Drunkard.

Chicago, Oct. 20.—"Old White Bill" a Morgan Park horse that drinks beer, was an issue in the hearing in Justice Grant's court of the case of Frank Weideman, a saloon keeper, charged by the Citizens' League with selling liquor to drunkards.

Witnesses testified that the old horse had been given beer at Weideman's saloon.

William Ewing testified that he had taken the horse in the front door of the saloon and "set up" the drinks. He himself obtained a glass of beer and his companion was served in a pail. Weideman was fined \$50.

TO CURE ANY DISEASE.

The Cause Must Be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. C. T. LOVE-MAKING

To Be Revolutionized in Logansport, The Ten O'Clock Club is Launched.

Logansport, Ind., Oct. 20.—For the purpose of discouraging swains with a disposition to monopolize all their time and to encourage the habit of "breaking away" early, the Cupid 10 o'clock club has organized with 20 charter members.

Miss Florence Moore, the founder, is the president. She declared that two evenings a week was abundant opportunity for the prosecution of the most ardent suit, and believes that "no two young people can have anything so important to say that it cannot fully be discussed in a three-hour call."

Announcing in newspapers, her intention to combat evils arising from too great familiarity before marriage, she called for enrollments in the new club, and declares it will revolutionize love-making in Logansport. She hopes to extend the idea throughout the state. Miss Moore is only 18 and of a prominent old family.

A New Store Is Always an Attraction

and when it is filled with what is conceded to be the finest stock of clothing for men and boys ever brought to Newark, it is more of an attraction than ever. We can show you the very latest styles in suits or overcoats—the very newest patterns and shades—they are right. Are you interested—do you want your fall suit or overcoat right up-to-the-minute in every particular? You've only to come here if you are.

THE KIND OF SUITS WE SELL

when we bought this stock we saw no reason why it should not be ABSOLUTELY THE BEST. We were not tied down to any make, we were at liberty to buy where we found the best suits—and we did so. Every suit we have is absolutely the best possible for the price. A \$10 suit isn't a \$25 suit, and never will be, but our \$10 suits, \$25 suits, and all grades between are the best value for the money—and better value than most stores give. You can select a black suit—a stylish Quaker grey suit—a suit in some rich, fancy mixture—it can be single or double-breasted, and IT WILL FIT PERFECTLY, WEAR SPLENDIDLY and be IN CORRECT STYLE. You pay

\$7.50, \$10.00, \$12.50, \$15.00, \$18.00, \$20.00, \$22.00, \$25.00

An Overcoat Story

Is intensely interesting—have you seen the new "paddock" effects? The stylish raincoats? or any of the other very desirable overcoats we have to offer you? You ought to—now. We are preparing to sell dozens of overcoats Saturday, wouldn't it be the best time to buy yours? All styles, all lengths, all sizes.

\$7.50 to \$35.00.

Mr. Cunningham Injured.
Mr. W. M. Cunningham, of this city, while in Cincinnati at attendance at the 96th annual communication of the Grand Lodge, F. & A. M., of Ohio, met with a painful accident. In alighting from a street car he slipped and fell, striking the ground on his hands.

Unknown Man Ill.
A man whose identity cannot be learned at this time, fell in an epileptic fit in front of J. J. Carroll's store, about 6 o'clock Thursday evening, and was taken to the East Main street Sanitarium in McGonagle's ambulance, where today he did not seem to rally. There was not a scrap of paper which would lead to his identification and he could give no account of himself. It is thought, however, that he will recover.

Mr. Long in Class A.
Mr. Charles L.H. Long of the firm of Long & McCament, the North Fourth street undertakers, is now a full fledged funeral director and embalmer. On Tuesday he went to Columbus and took the examination for embalmer before the State Board of Embalming Examiners. Friday morning he was notified that he had successfully passed the examination, and that he was entitled to an embalmer's license in "Class A," the highest class. Mr. Long's past experience materially aided him in passing this examination, which was an exceedingly difficult one. Under the present law no one but a licensed embalmer is permitted to do embalming. Mr. Long is now entitled to attend to all the duties of a funeral director and embalmer.

Heavy Registration.
The registration on Thursday is announced by the Board of Elections as being very heavy. The second day. The total is not yet ascertainable, but the indications are that there will be a big turnout.

Barcelona, Spain, Oct. 20.—Spanish anarchists are preparing to make a demonstration during the coming visit of President Loubet to Madrid. Furious speeches and threats were made at a meeting last night. The authorities are determined that there shall be no outbreak.

KOOTAH TEMPLE WILL CELEBRATE

SEVERAL TYROS WILL BE ESCORTED ACROSS BURNING SANDS, OCTOBER 31.

Columbus Drill Team Will be on Hand To Assist in Making Journey. Good Entertainment.

The members of the Kootah Temple, No. 101, D. O. K. K. are planning one of the greatest times in the history of the temple when a number of Tyros will be escorted across the burning sands of the desert. A member of the order in explaining the meaning of the word Tyro states that "it is a man who knows more at sunrise than he did at sunset." Judging from the mysterious expressions used in the program, the copy for which is now in the

hands of the printer, something mighty awful is in store for the bunch of Tyros who will take the next trip.

This meeting will be held on the night of October 31 in Castle Hall. A detail from Bakoo Temple, Columbus, will be present to make the trip across the desert more awe inspiring. This drill team took the first prize for the best drilled brigade and second prize for the most unique costume at the national meeting held at Detroit.

The copy for the program of this great assemblage was brought into the office by Secretary C. C. Flory and was written on the backs of election ballots upon which the Democratic roster was predominant. A well known prognosticator declares that this is a sure indication of a Pattison victory this fall.

Accompanying this notice is a picture of one of the Tyros who is "learning things" that he might know more when the sun rises. "One who knows" says that this picture only half illustrates the awfulness of the trip.

A special entertainment is provided for these who brave the terrors and those who volunteer to accompany the candidates. In fact a general good time is promised to the members of Kootah Temple who attend.

HEARST ON STUMP

Candidate for Mayor on Municipal Ownership Ticket in New York is Making Speeches.

New York, Oct. 20.—William R. Hearst, candidate for mayor on the municipal ownership ticket, accompanied by several of his associates on the city, county and borough tickets, made a tour of the eastern section of Brooklyn, addressing large audiences at three different points. Mr. Hearst asserted there had been no campaign since that of Tilden which was of such importance to New York city and especially to Brooklyn as the one now being entered upon. At no time in the past, he declared, had the people of the city been so completely at the mercy of political managers. The "citizens' movement" which the non-partisan ticket headed, the speaker declared stood for honesty and decency in government. Mr. Hearst said he stood as Tilden stood when he spoke against the Tweed "ring" in 1871.

John D. Kelly, clerk of markets in the Cleveland department of public service, was arrested on the charge of embezzling \$750 of the city's money.

C. M. Brainerd of Muskegon, I. T., a banker and real estate dealer, was indicted by the federal grand jury charged with the sale and conspiracy growing out of a land deal.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. LIVE LIZARD

Found by the Bedside of the Youth Whose Death Was Caused by Swallowing it.

Deer Park, I. I., Oct. 20.—Some months ago Campbell Walker, the five year old son of Mr. and Mrs. John Walker, of this village, drank what was thought to be a small insect in a glass of water. The incident was forgotten until Sunday, when the child died in extreme convulsions.

Beside the child on the bed was found a good sized live lizard which the boy had vomited in his last convulsion. After swallowing the insect the child commenced to wane, and lost flesh to a marked degree. The lizard was about three and a half inches long. The case will be reported to the medical societies.

FIFTY DOLLARS

If Spent by Uncle Sam, Would Have Prevented the Bennington Disaster.

Vallejo, Cal., Oct. 20.—It is a matter of history that the Bennington is a contract-built ship. The work in connection with the riveting around the furnaces was badly done. The holes were punched and not drilled. They were not properly counter sunk. For the expenditure of \$50 additional on the work in the riveting of the furnaces the disaster to the Bennington would never have occurred.

Such was the emphatic statement made at the Lucien Young court-martial by Commander George B. Ransome, head of the Engineering department of Mare Island Navy Yard, and an expert witness for the defense.

In addition to the statement that the collapse of the furnace was due to the failure of its material, he explained that in his opinion the crown sheet of the furnace collapsed as the result of overheating and impact due to the changes in temperature, one rivet having given away under stress, only to be followed by a like failure of others.

MARKER AND TRACE IMPROVE

BOTH MEN AT CITY HOSPITAL ARE TODAY IN BETTER CONDITION.

Unless Unforeseen Complications Arise Men Will Probably Recover from Injuries.

The condition of John Marker, who was shot Tuesday evening by an Italian, is now considered favorable for recovery. He passed a very comfortable night at the hospital, and was bright and cheerful during the day.

Samuel Trace, 40, who is also in the hospital suffering with injuries to his back, sustained by being knocked off the East Newark Pan Handle bridge, is about the same. He rested well Thursday night, and it is thought he will probably recover.

MALE CHORUS MEETS

The male chorus under the direction of Prof. W. W. Nusbaum, held a very successful rehearsal in Taylor Hall last night. Twenty-four men were present and spent a profitable hour in singing, sight reading and the study of musical nomenclature. It is very evident from the deep interest manifested by the men that the chorus is to take a conspicuous place in the musical life of Newark and vicinity this year. It meets every Thursday evening and it is Prof. Nusbaum's purpose to bring to the chorus the best music as rapidly as the men are able to take it up and master it.

CORNERSTONE OF NEW CHURCH

WILL BE LAID BY DISCIPLES AT UTICA ON SATURDAY, OCTOBER 28.

Lewis-Tharp Wedding—Mr. and Mrs. Randolph Iden's Golden Wedding Observed.

Utica, O., Oct. 20.—The Disciples will lay the cornerstone of their new church in Utica on Saturday, October 28. Everybody is invited. There will be good music, good speaking, and the ladies of the Aid Society will serve dinner in the town hall for the benefit of the church.

Francis A. Lewis, the barber at Cary McClelland's shop, was wedded Monday evening to Miss Nellie Tharp. The ceremony was performed by Rev. T. Boyd Gay at his parsonage. The bride is an estimable young lady whose home is near Canton. The couple will go to housekeeping as soon as a home can be secured. Until then the bride will remain with the family of S. C. Wright.

Last Sunday was the fiftieth anniversary of the marriage of Mr. and Mrs. Randolph Iden. Their children quickly prepared to meet at the family home on that day and fitly celebrate the occasion. Mr. Iden learned of what was going on and devastated his flock of fowls in helping them out with a feast. The guests were Elva McBore and wife, John Chester, wife and daughter, J. Fred Iden, wife and son of Newark, George Iden, wife and daughter and Mrs. Blanche Heacock, daughter and son. A very pleasant day was spent, and when the company departed they left as a reminder a fine Morris chair for father's and mother's enjoyment.

Barcelona, Spain, Oct. 20.—Spanish anarchists are preparing to make a demonstration during the coming visit of President Loubet to Madrid. Furious speeches and threats were made at a meeting last night. The authorities are determined that there shall be no outbreak.

St. Peter-Burg, Oct. 20.—Advisers from Baku today state that the situation there is again threatening and a recurrence of troubles between the Tartars and the Armenians which resulted in practically devastating the surrounding country and ruining industry seems probable.

The thief who burglarized himself out of a bank vault with \$100,000 proved the folly of the old saying that there is nothing new under the sun.

S.S.S. OUR RECORD

With medicines as with other things, the surest test of worth is the length of time they have the confidence of the people. The efficacy of S. S. S. has been thoroughly proven by experience, and so successful has it been that today it is the best known and most widely used blood remedy in the world. For diseases such as Rheumatism, Catarrh, Scrofula, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, and other troubles due to an impure and poisoned condition of the blood, no remedy acts so promptly and thoroughly as does S. S. S., and thousands throughout the country, cured of such diseases, are daily recommending it to others similarly afflicted. ITS FORTY YEARS OF EXISTENCE HAVE BEEN FORTY YEARS OF CURES. S. S. S. is a blood purifier of the highest order, containing properties necessary to cure blood troubles of every character, and which make it the greatest of all tonics. It goes into the blood and drives out all impurities, and makes this stream of life strong and healthy, and when this disease cannot remain. Being made entirely from roots, herbs and barks, chosen for their healing, purifying and building-up properties, it does not injure any of the delicate organs or tissues of the body as do those medicines which contain Potash, Mercury, Arsenic and other harmful minerals, but cures rapidly as well as permanently. S. S. S. is a blood purifier and a blood tonic, and it is no exaggeration to say that S. S. S. is a remedy with a record. It has proven its worth and ability by its forty years of cures. If you feel that remedy within the name of S. S. S. is a remedy. At once, and at once, physicians advise you and send you back on the S. S. S. to charge for it.

A Slandrous Assault.

The American-Tribune indulges in a slanderous attack on John P. Lamb, President of the Board of Public Service, which plainly shows that the paper is hard up for material out of which to manufacture opposition to Mr. Lamb's re-election.

Pending the recent advertisement for bids for constructing the new water works plant a regulation was instituted by the Board of Public Service providing that the bidders for the contract should deposit the sum of \$50 for the privilege of taking away and using copies of the plans and specifications. These plans consisted of duplicate maps and blue prints that cost the city considerable money to have made, and the bidder who was furnished copies of the same was required to deposit the \$50 which was simply a guarantee for their safe return. When the bidder returned the plans and specifications under this arrangement he was given back his money. This feature of the transaction was all under the charge of the clerk of the City Council, and Mr. Lamb had no personal connection with it whatever. The American-Tribune's assault on him, therefore, is without reason, or truth and wholly unjustifiable.

So far as the citizens of Newark are concerned, every one has had and can still have all the opportunity he wants to see copies of the water works plans and specifications. They are all on file at the office of the Board of Public Service and are entirely accessible to every citizen who wants to see them. Every citizen can examine them to his fullest desire, and any assertion of the American-Tribune to the contrary is devoid of truth.

Revolt Against the New Boss.

There are a great number of Republicans in Newark and Licking county, who are indignant over what they term the effrontery and audacity of George (B. Cox) Hamilton, who has assumed the prerogative of bossing the Republican party in Licking county, as secretary of the County Committee. These old-time Republicans, recent this recently imported man's attempt to control the policies of the party and dictate nominations.

The latest break of "G. B. C." Hamilton, as the Republicans in revolt call him, was the sending out from the headquarters of the County Committee a circular letter to a large number of Republicans in which he says: "In the hour of danger, I can safely call on you to AGAIN put on the harness of loyalty."

The recipients of these letters resent

the egotism of such a sentence, as well as the imputation that they had ever laid down the "harness of loyalty."

He also says: "Some of us have fought for 20 years for Republican supremacy in Licking county."

As a matter of fact "G. B. C." has only been here a few years, and is the political creature of another.

The old-time Republicans are denouncing the domination of "carpet baggers," and are open in the declaration that ultimate Republican success in this county depends upon the overthrowing of "Boss" Hamilton, which can best be accomplished by the election of the Democratic ticket this fall.

It is reported from Washington that the President is not in sympathy with the machine, as managed by Cox and Dick, and few tears would be shed if Herrick should be defeated.

Dick and Herrick with their silent partner, Cox, are working hard to overcome the popular will. But they will discover that all their work will be for naught. Graft and bossism will not be sustained by the people of Ohio.

How did Cox acquire his vast fortune? Out of politics alone. Who paid him? Let Cox answer! But he will not answer. He is responsible to no one. He piled up his great fortune by grafting! The people have had to pay him, or rather it has been filched from them!

One paper in Philadelphia, where the issue is graft or no graft, has announced that it is the only Republican paper in the city. It appears to be the only paper in the Quaker City so lost to sense of public interest and decency as to admit that it is willing to be the tool of the grafters against whom Mayor Weaver, a Republican, is waging relentless war.

The political exposures that come from Philadelphia bring out the fact that all the Republican machine bosses there are living in palaces, and that their riches were obtained wholly by graft. The boss and graft are inseparable. It is the same in Cincinnati as in Philadelphia. George B. Cox acquired his vast fortune by graft. He now lives in a palace, though only a few years since resided over his low dive saloon.

At Cleveland, Ohio, recently, the State Bankers' Association discussed some proposed amendments to the present banking laws. The amendments were suggested by a committee of bankers and the attorney who drafted these amendments urged the association to endorse them. In his speech, the lawyer said that many of the officers of trust companies doing business in the State were paying no attention whatever to the law, making forbidden loans to their own directors and making excessive loans daily. If this lawyer's statement is correct, he ought to have added as a corollary that these habitual violators of their oaths and of the law ought to be in jail.—The Presbyterian, Philadelphia.

The annual inspection of the Cincinnati police force has been made, and the picture of the force on dress parade is doing campaign duty in the columns of such Republican papers as remain "regular" by supporting Governor Herrick and George B. Cox's control of the state administration. It is said that the Cincinnati police made a fine appearance and were loudly applauded by the people along the line of march. So much in praise of Cox's bossism of Cincinnati. Cox sent up to Columbus a platoon of police in August, 1902, at the opening of the extraordinary session of the Seventy-fifth general assembly called for the purpose of enacting a municipal code, a code known as the Cox code being the result of that session. The platoon of police did duty for the special benefit of the senators and representatives who were asked and expected to vote for a code containing a provision that the police forces of the cities of the state be under the direct control of the governor, and the governor being under the control of Cox as he has been and is would mean Cox control of the police of the state. It was finally concluded that that would be too much and more than the people might stand for and so it was provided that in certain events the governor should have control. But this exploiting of the Cincinnati police force in this campaign will have little effect, for the people of Ohio outside of Cincinnati know what the conditions are and they are alive to the issue involved in the campaign and are determined to vote accordingly, a course that will smother Cox's machine in control of the state house.

THE FIELD OF SPORT

WEST END CLUB HAS OPENED TO PUBLIC

Last Night When Several Interesting Boxing Contests and a Wrestling Match Were Puled Off.

The West End club, which was opened last night by Messrs. C. M. Baker and Max Luttbeg, promises to be a very successful venture. The men have constructed a small hall in the rear of Mr. Baker's home where the athletic contests and athletic training will be carried on. Last night the opening took place and there were more than 150 people present. There were a number of good boxing contests which was followed by an exhibition wrestling match between Luttbeg and Ted Tonneman. This match lasted for fifteen minutes without a fall. Both men are in good condition.

Luttbeg is training to meet Al Ackerman at Fostoria on the night of Tuesday, October 24. Ackerman is getting ready for a stiff match, though he may try to practice the tactics used in many other matches and try to take this contest. Luttbeg declares that there will be no fake match this time.

When Tonneman and Luttbeg came off the mat last night, the latter paid a high compliment to Ted when he said: "Gentlemen, Ted is by far a better man than he was a year ago."

Mr. Baker is operating a restaurant in connection with the club and the place gives promise of being a popular one with the West End residents and lovers of sport.

BASE BALL SUNDAY

The last baseball game of the season will be played Sunday afternoon at Idlewild park between the Newark team under the management of Catcher Joe Doyle and the Springfield Central League team. This will be another benefit game and with a good diamond, an excellent contest can be expected.

MATTHEWSON

Giants' Famous Pitcher Has Been Offered Five Thousand for a Ten Week Engagement.

New York, Oct. 20.—Christy Matthewson, the Giants' famous pitcher, has been offered \$5,000 for a ten weeks' engagement on the stage. Matty is thinking the offer over and is inclined to accept.

The turn which Matty is to do is of little consequence, as the principal thing required of him is to show himself during the performance and work in a demonstration of how he throws his various curves. Several plans have been suggested, but it is likely that a baseball skit will be put on in which Matthewson is to appear and throw a few balls to a catcher. Whether he is to appear in evening dress or a baseball uniform is undecided, but the latter is preferable to the theatrical people.

The management of the New York club has offered no objection to Matthewson accepting the proposition and it is entirely up to him to decide. He promises to give a definite answer within a few days. The big pitcher had a hunting trip in the north woods of Michigan planned, but he figures that \$5,000 for ten weeks of comparatively easy work is not to be despised.

ASKED TO SUPPORT HERRICK.
Hamilton, O., Oct. 20.—Joseph Miller, secretary of the State Brewers' Association, addressed a meeting of the saloon keepers of this city yesterday afternoon in Jacobsville. The meeting, it is said, was called for the purpose of getting the saloon keepers to support Herrick.

Kaiser's Close Call.
Berlin, Oct. 20.—Emperor William had a narrow escape from serious injury. His majesty was crossing the street in front of the castle in his automobile when an automobile cab approached at high speed. The chauffeur of the emperor's car saw the cab when it was almost upon him and turned his machine sharply. The cabman at this moment also saw the danger and threw the brakes on with full force. Nevertheless the two machines collided with a considerable crash. Emperor William's car fell into the court at the castle. The other car was disabled.

PLAYERS COACHED TO VIOLATE RULES

College Publication at Harvard Says Football Growing Uninteresting. Wants Change.

Cambridge, Mass., Oct. 20.—The Harvard Bulletin, a university publication, contains an editorial on "The Trouble With Football."

It says in part: "Something is the matter with a game which grows more and more uninteresting every year; which takes the time and attention not only of the players, but also of the undergraduates as a body until for weeks they talk and think about nothing but football; which requires the constant attention of skilled surgeons, which injures men so that they are crippled for weeks and in some cases made permanently unfit for athletic exercise."

"It is often said that the constantly increasing attendance at the important football games contravert the statement that they are less interesting than they used to be. The truth is that the sale of tickets is due to a very large extent to the advertising which the newspapers give the games."

"The unanimous opinion of the men who saw the games in the early eighties is that they were infinitely more interesting to watch than those which are played today. The sport is dull. One sees a player plunge into a group of a dozen others and there he disappears. That is all there is to 75 per cent of the formations in the modern game."

The editorial quotes W. H. Lewis, one of the Harvard coaches, on the matter of "slugging" and asks: "Why are men coached to 'slug' and to violate the rules with the reservation that they must not be seen by the officials? We know that players are so coached. To be a little more concrete, everybody who watched the Pennsylvania eleven in Cambridge last fall saw two or three men whose playing was simply barbaric, but no one can deny that they were very effective men for their side. There is something radically wrong with the game. It ought to be substantially changed or else abolished."

Denison's Hard Luck.

The Columbus Dispatch says: "Denison can now be classed as the hard luck school of Ohio of the present football season. They have now out of five games on their schedule to date played but one. Ashland and Mt. Vernon High cancelled on them. Ohio State was not played last Saturday and Wednesday the rain god held them in the hollow of his hand at Ann Arbor, Mich. Not a wheel was turned and the forces of Yost were unable to meet Coach Stanton's men. Denison was sent home paid off and without a game. Muskingum is the next team they are supposed to meet. The game is to be at Granville Saturday."

NEWARK A. A. TEAM

A Fast Bunch of Players Lined Up. Will Meet Team from Coshocton a Week From Saturday.

The Newark athletic association football team is practicing each night and there is promise of a good team in time to meet the Coshocton athletic club's team on Saturday, Oct. 28 at Coshocton. The Newark boys have a large field east of Heisey's glass factory, where they practice each night. Two electric lights will permit them to go through their signal practice in good style.

Manager Heisey and Captain Roland Smith are confident that their team will turn out to be fast as well as of good weight. The following players are in the team, many of them being ex-college players: Messrs. Dille, Van Vorhis, Foos, Wootensnyder, Davis, Hart, Cone, Mullenix, Warner, Webb Tucker, Seward, Riley, Evans, Ingie, Fisher, Mitchell and Woolard.

The services of E. F. Thardo have been secured for coaching the team. He was fullback in a fast team at Toronto, Canada, and is alive to the sport.

All the above named men are asked to report tonight for practice and do everything possible to bring out a winning team for the Coshocton game.

FOOTBALL GOSSIP

Tiffin, O., Oct. 20.—In the general charges that are being made against the Ohio colleges for harboring ringers in their football teams, Heidelberg has come in for a small share as to Goodman, Shoemaker and Evans. It is true that Evans and Goodman are both former Ada men, nor has Heidelberg ever attempted to deny this. However, they are both bona fide matriculated students of Heidelberg this year, and are taking more work than the Heidelberg faculty requires in order for a man to matriculate. Shoemaker played last year with Pennsylvania State college, and is one of the youngest men playing football in Ohio this year. Furthermore, the Heidelberg faculty has certified this far, and will certify during the remainder of the season, to every man who appears under the Heidelberg colors. However, it may

be that there are some ringers playing in Ohio this fall, but Heidelberg emphatically disclaims harboring any such players, and stands ready to prove the statement.

Some "niggers" will be chased out of the woodpiles this coming Saturday. When Wisconsin meets Chicago we will see whether those bear stories emanating from the Badger camp are true. We shall also see whether Michigan is strong as usual when the Nebraska cornhuskers invade Ann Arbor, Mich. These games will be the important ones in the middle west.

Bellows Will Play With Lorain.
Lorain, O., Oct. 20.—The "Human Slat," Sidney Bellows, who has won fame in athletics in this state, will join the local football team this week in time for the game to be played next Saturday with Norwalk. Bellows' home is in Toledo, but for the past four years he has been at Oberlin College, taking a prominent part in all the athletic events. Bellows is perhaps the best track man in the state. He will be used on the Lorain team to do the kicking. His average punt is sixty yards and the football management considers itself lucky in getting him to play here.

BOWLING

At the Hayes alleys tonight, the Odd Five will bowl against the Idlehours. The Odd Five is composed of a number of well known bowlers and this is the first regular contest this fall. A number of good scores have been made and great interest, more in fact than usual, is being taken in the sport.

KINDLY AGREED TO KEEP BABY

BUT WOMAN FORGOT TO RETURN FOR THE NINE MONTHS OLD BOY.

When Arrangements Were Made to Put Child in Orphan's Home a Family Adopted Him.

Several weeks ago a woman who gave her name as Mrs. Wiet, and claimed to hail from Zanesville, arrived in Newark with an infant son, presumably about nine months old. While here, she called at the home of Mrs. Trace, on Drum street, in the East End, and asked Mrs. Trace to care for the child a few moments while she went to the drug store. Mrs. Trace, always obliging, told her she would keep the child, when the woman left, and that was the last that was ever seen of her. The following day Mrs. Trace notified the township trustees that the child had been left on her hands. The trustees requested Mrs. Trace to care for the child a few days until they could make arrangements for its care. This was on Monday and on the following Saturday Mrs. Trace turned the child over to Mr. and Mrs. M. H. Burton, of Baltimore street, who agreed to keep it for a consideration. In the meantime the township trustees made arrangements with the trustees of the Children's Home to care for the little one, when Mr. and Mrs. William Jacobs, well known and highly respected residents of this city, who had seen the child and had become infatuated with it, signified a desire to adopt it. The township trustees finally agreed to let Mr. and Mrs. Jacobs have possession of the child, and papers of adoption were given them by the Probate court on Friday morning. Mr. Jacobs is a foreman in the Pratt & Montgomery planing mill, and Mrs. Jacobs is a grand-daughter of the late Chas. Korzenhorn, formerly a well known resident of this city.

DO YOU GET UP WITH A LAME BACK?

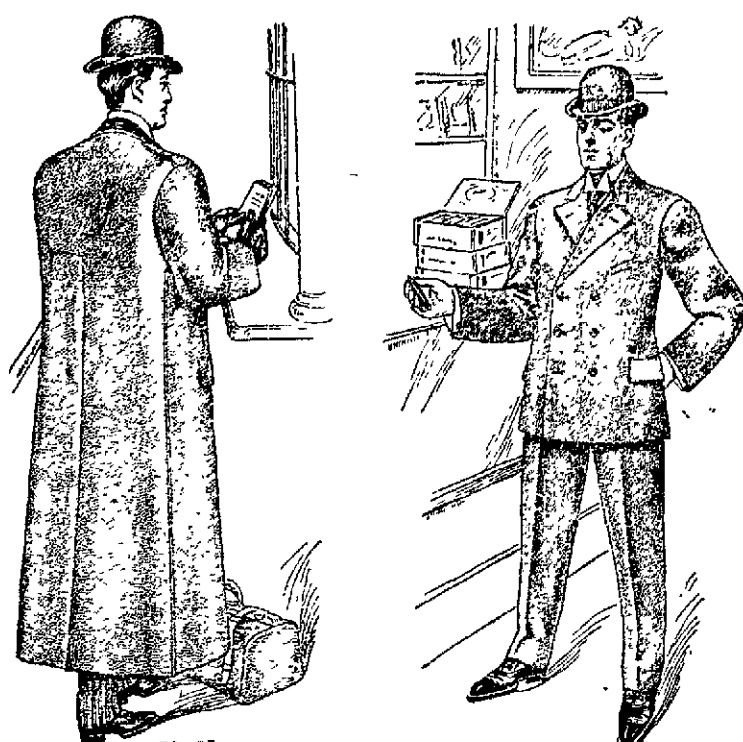

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, urea acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

You'll Agree Ours Is the Paramount Garment and Fur Assemblage

The Garment Department of ours is unquestionably the Style Center of Newark.

Our Suits, Coats and Furs are the acme of style. They are exclusive. They possess individuality, they are distinctive.

In short they appeal to the particular dressy woman and answer her every whim for Style, for Fit, for differentness. The prices are such as to satisfy the most economically inclined and in a range pleasing to every purse.

We mention their "differentness." Our store friends put that word in our mouths, as almost every viewing of our garment assemblage brings out an exclamation similar to this—"Aren't they beautiful—they are so different from what other are showing" or "Grand, different from what we've seen."

And we've an excellent gathering of Children's and Misses Garments, especially coats. Fit companions to those for "grown-up."

To wind up a story only barely begun, we will remark that we are selling more garments than ever before.

We account it to general excellence, desirableness and low prices.

DECISIONS BY CIRCUIT COURT

JUDGES ADJOURN TO MEET NEXT WEEK IN THE CITY OF ZANESVILLE.

Taggart Case Not Brought Up Here—Day's News From Court House. Realty Transfers.

Decisions of the Circuit Court were rendered Friday as follows:
Shrader, admr. vs. Maholm; judgment affirmed.
German American Insurance Co. vs. Everett; judgment reversed.
Tussing vs. Evans; judgment reversed.
Railroad vs. Schonberg; affirmed.
Rinker vs. Tanneyhill; reversed.
Wilson vs. Wilson; demurrers overruled.

Knowlton vs. Gas Co.; judgment for plaintiff.

City vs. Dutt, and City vs. Meek; petition in error dismissed.

The Circuit judges adjourned court Friday noon to meet next week in Zanesville. The Taggart divorce case appealed from Common Pleas Court at Wooster was not brought to the attention of the Circuit Court here as expected.

Personal Injury Suit.

In the case of Frank H. Chism vs. the Columbus, Buckeye Lake and Newark Traction company and others, suit for damages in the sum of \$1999 for personal injuries, the defendant, the National Railway Construction company, has filed its answer to the fourth amended petition of the plaintiff. It admits that the traction company was, on June 20, 1901, the owner of a franchise for the construction of an electric railway between the points named in the petition; that on that date the plaintiff, while engaged in assisting to unload iron rails from a railroad car, was injured. The defendant denies all the other allegations of the fourth amended petition, and says whatever injuries the plaintiff received were the direct cause of his own negligence and want of care. Defendant also says that afterwards and before the commencement of the construction of the work of building the track and railroad it sublet the entire work to Arthur E. Appleyard by contract in writing dated January 25, 1901, which latter company alone did the work required by contract of constructing the railway, furnishing all the labor and material; that the injury of which the plaintiff complains in his fourth amended petition occurred while the defendant, The Great Northern Construction company alone was performing its work as an independent contractor, under its contract with Arthur E. Appleyard; that the act or acts which plaintiff alleges were the cause of his injuries were not the act or acts of the defendant, nor was the defendant responsible in any way. That the acts complained of by the plaintiff were not a direct or probable consequence of the work which the defendant, The Great Northern Construction company, contracted with Appleyard to do, wherefore defendant prays judgment, J. R. Fitzgibbon and Kibler & Kibler, attorneys for The National Construction company.

Court Notes.

In the case of the Globe Fertilizer company against Isaac Grubb, the defendant has filed his answer, wherein he says that every allegation of fact in the petition is untrue, and denies the same. He also says that whatever contract was made or written order by the defendant with the plaintiff on September 25, 1902, was by the defendant cancelled and countermanded on May 9, 1903, all of which the plaintiff well knew before it attempted to execute said order in any way, by the delivery of any goods under its terms. Defendant asks to be dismissed with his costs of suit. Jones & Jones, attorneys for the defendant.

In the case of George P. Webb against Ambrose J. Lavin and others, George T. Morgan, one of the defendants, has filed his answer and cross petition, wherein he says that Teresa Lavin is indebted to him in the sum of \$204.69 with interest at 6 per cent per annum from Sept. 5, 1905, and asks judgment for the same. R. O. Martin, attorney for Morgan.

BOY TOUCHED A LIVE WIRE

JOHN O'DOWD'S NINE YEARS OLD SON THROWN FROM POLE TO THE GROUND.

Fell Upon Pole of Soft Earth Escaping Injury—One Hand Badly Burned by Electricity.

Clarence O'Dowd, the nine years old son of Mr. John O'Dowd, 122 South Second street, had an experience on Wednesday evening that he will remember as long as he lives. The City Electric Light company had just set a new pole in front of the O'Dowd home alongside an old one. In a spirit of fun Clarence climbed up a guy wire to the wires and then crept across to the old pole. When he got to the old pole, he caught hold of the service wire, which was heavily charged with electricity. His left hand was badly burned, especially the two last fingers. He was thrown to the ground a distance of 23 feet. In falling he turned completely over and struck upon his head and shoulders in a pile of soft earth, and escaped serious injury. Dr. A. T. Speer was called and attended to his injuries.

ZANESVILLE JURY

Will be Investigated by Order of Judge Frazier—Newspaper Man Prefers Charges.

Zanesville, O., Oct. 20.—Judge Frazier, in the Common Pleas court has appointed a commission to investigate charges made by A. D. Elspersman against the present grand jury. Elspersman was indicted and made the public statement in his newspaper that two men representing the grand jury offered to suppress the indictment for \$300.

THE SAVINGS HABIT

The following editorial appeared in the Cleveland Press of recent date:

Have you a bank account?
If not, why not?
Your wages are small? Demands are large? Saving is impossible?

Wrong! Saving is not impossible. The saving may not be large. It may be pitifully small at the first trial; but the saving will be a beginning and it will grow. There are several reasons why you should have a bank account, however modest it may be.

First of all, some day you will need some ready money. Sickness, loss of work, a slight turn in the wheel of fortune—what will you do?

Another reason may be found in content and peace of mind. He who has some savings feels more secure than does the spendthrift. Discontent and worries dog the footsteps of the man who lives up all his income.

But the big reason is this: The saving habit is reflex in its action. It is an index of character.

It is easy to spend money. It requires effort to save it. The flabby-minded man lets go his money recklessly. The strong man resists the strong temptation to spend more money than he can afford, and, in resisting this temptation, becomes stronger.

Nor need one grow stingy and hard-hearted. There are many inducements for a young man, especially to let go of his money. He is urged in a hundred ways to squander his hard-earned dollars foolishly. He who resists is laying the foundation for a strong business character.

There are thousands, especially in the cities, who, drawing good salaries, gauge the outgo by the income. They do not save a cent. And it is usually these who envy the successful and point to the latter as lucky ones. Whereas, it is true that the foundation of every fortune has been laid in the habit of small savings.

Go to the savings bank and start an account, however small it may be. It is the habit of saving that is more important than the saving itself.

Get the habit.

HOW TO WRITE COMIC OPERA

TWO CHICAGO GENTLEMEN OVERHEARD DISCUSSING NEW PLAY.

It's an Easy Stunt According to Their View of the Matter—Puck and Judge to Furnish Jokes.

Addison Burkhardt, author of "The Runaways," writes the following apocryphal account of the genesis of a Chicago musical comedy. The librettist and composer are attending a performance of Gilbert and Sullivan's "The Mikado," and this typical dialogue results:

Librettist—Say, beau, this show is bum.

Composer—Who wrote the book? Librettist—John D. Gilbert, the guy that does a vaudeville stunt at the Opera House.

Composer—Who wrote the score? Librettist—Spike Sullivan, the prize fighter.

Composer—There ain't a melody in the show that's got it on that one of mine, "My St. Louis Queen."

Librettist—And as for the book, it sounds like "Everyman" put to music. It's funeral. It's funny as a hearse. Pike those kimonos. One flash at that mob would make Al Reeves hock his diamond stud. What they want is atmosphere. Have a scene in a saloon. Local color, with real booze. This Japanese gag is a frost. They ought to book St. Petersburg with this "Mikado" thing, and the whole troupe would play "Siberia" for a run.

Librettist (after a pause)—Say, cull, what's the matter with you and me writing a comic opera?

Composer—Sure. I got a couple of melodies that'll hog 'em. In the first act we can throw in that march song of mine that Von Stulzer turned down, "De Belle of de Barber Shop," and that other one of ours that Mitwark couldn't see. "My Heart's Tonight in Joplin, Tossie Dear," we can use for a finale.

Librettist—Sure. Gee! we got the whole act written already. Then in the second act we'll put in that gag about the horse thief from "A Breezy Time." You know where the guy gets hit in the head with a bucket of coal. We'll have the comedian come on inside of a cake of ice and fanning himself with a red hot shovel. That'll be a scream. Then the prima donna sings "Where the Blue Missouri Meets the Mississippi." Then on with the brollers. They sing a coon song, "My Pork Chop Pearl," and the manager's sweetheart comes out and dances on tacks. Then a hoorah finish with the flag floating for the kind applause, the prima donna on quick with a ten-thousand-dollar dress and a spot light, the comedian falls out in the audience and does the neck drop into the bass drum and down comes the curtain.

Composer—Immense! Next morning they bought a copy each of Judge and Puck, and the actual work of writing a comic opera began.

During the rehearsal the stage director, in order to make work for the chorus, changes the songs. Thus "My Boston Bean" is replaced by drinking songs called "Milk" and "My Cocoa-Cola Queen," and a march song entitled "Your Dad Was Given Life By His Country." The cow used in the "Milk" number rehearses so that he chews his cud in exact tempo of the music, and the costumes of the chorus for the "Cocoa-Cola" number are soda fountains which "light up."

The easiest way to prepare a quick breakfast is to use Mrs. Austin's Pancake flour. 13d. 6c.

AMUSEMENTS

WHEN WOMEN LOVE.

"When Women Love" is such a sweet remembrance to us all, that the play of that title which Messrs Spitz & Nason present is placed on a pinnacle by itself, and insures to the public one of those rare gems that will live forever. The play is one that does not depend upon the lavish scenic display that has been provided for its presentation. It is strong, convincing, and well acted. At the Auditorium Saturday afternoon and evening.

OVER NIAGARA AFFLS.

Messrs. Rowland and Clifford, the owners of Joseph LeBrandt's marvelous scenic play, "Over Niagara Falls," have left nothing undone to make this play one of the greatest on the American stage.

Scene in "Over Niagara Falls."

ican stage. As an up to date melodrama nothing can surpass it. "Over Niagara Falls" will be the attraction at the Auditorium Auditorium Monday netx.

GENIUS AND THE MODEL.

In "The Genius and the Model" Henry Woodruff will create the part of the Genius, and Edna Goodrich, a well known stage beauty, will play the Model. This play is an original comedy laid in the artist's quarter of New York, and tells of a young business

Edna Goodrich in "The Genius and the Model."

man who, rejected by the woman he loves because he has no knowledge of art, schemes, with the help of three artists—a musician, a painter and a sculptor—to pose as a genius. This he accomplishes by pretending to be master of all three arts, and is discovered by a critic while directing the work of the three men. The critic believes he has discovered a genius and through his efforts the young man becomes famous. He has in the meantime fallen in love with a model, and when his former sweetheart comes to give herself to him tells her that as his inspiration, she would cause him to lose all his art if he were to marry her. She is content to sacrifice her feelings to art, and he is left free to marry the model. The Genius disappears and the artists prosper on the reflected fame. In addition to Henry Woodruff and Edna Goodrich the company engaged includes Monroe Salisbury, Carey Livingston, Peter Lang, Gordon Johnston, Louise Randolph, Sally McNeel and Francis Freeman. At the Auditorium Thursday, Oct. 26.

SCHOOL FOR HUSBANDS.

Frances Stevens, the attractive ingenue with the Alice Fischer company, is to appear next Tuesday as Clarissa in "The School for Husbands" at the Auditorium. She is a Chicagoan and commenced her stage career as a child with the opera company organized by the late W. C. Coup, in the old Clark street museum. Since that time Miss Stevens has steadily advanced in her chosen profession and was, for a number of years, associated with the William H. Crane company.

President Murray Ill.

Chicago, Oct. 20.—Oscar G. Murray, president of the B & O railway is ill at the Auditorium annex and is in charge of Dr. Brand, his New York physician. It is understood that Mr. Murray is not dangerously ill. Vice President Potter said the president had caught a severe cold.

Sarah Bernhardt has "gone broke," trying to run a theatre in Paris. This probably means another tour for American dollars.

FORAKER MEN ARE IGNORED

NOT ONE OF THEM IS GIVEN A PLACE ON THE RECEPTION COMMITTEE

Owing to a Cold Senator Foraker Cancels Newark Engagement—Two Substitutes are Secured.

Senator Joseph B. Foraker, who was widely advertised to address a political meeting in Newark this afternoon, did not fill his engagement today; neither will he speak at Coshoc-ton tomorrow as previously announced.

The dispatches from Cincinnati bring the announcement that the Senator is ill and on that account can not fill his political engagements. The announcement of Mr. Foraker's illness is regretted but his friends need not be alarmed over his condition. It is an open secret that Senator Foraker's heart is not in the present campaign and his only reason for participating in it at all is to keep himself "regular" with his party.

Announcement of Mr. Foraker's cancellation of his Newark date did not reach Newark until late Thursday afternoon. Not until Friday morning did the local Republicans know whether the meeting would be called off or a substitute secured. About 10 o'clock it was announced that Congressman Burton of Cleveland and ex-Congressman E. W. Tompkins of Columbus would be here to talk to the people at Music Hall today. Lieut. Gov. Harding has been pressed into service to fill Foraker's engagement at Coshoc-ton.

The expected turnout from the rural districts that it was thought the magic name of Joseph B. Foraker would produce, failed to materialize, as very few came in from the country Friday. Perhaps the weather had something to do with it; perhaps the attitude of Licking county Republicans in this campaign had more to do with it.

The Foraker men of Newark were given a direct slap in the appointment of the committees announced for Friday afternoon's meeting. When it was announced that the Senator was coming everybody assumed naturally that the Foraker fellows would be recognized in the appointment of the reception committee and general committees for the occasion. It was only natural to assume that Mr. Foraker while here would like to be in the hands of his friends. But not so. Not a Foraker man appears on the committee. Such well known Foraker leaders as R. M. Smith, Sheriff Smith L. Redman, Albert A. Stasel, Henry C. Cochran, John A. Chiffole, C. E. Cochran, and others, were completely and painfully ignored. Did George (Cox) Hamilton, the local Republican boss, name all the committees?

The Foraker men of Newark are saying nothing about this slight but they are doing a heap of thinking.

A cold wave and a political frost struck town about the same time Friday. It was just as well that Mr. Foraker didn't come.

The Buckeye Band earned its pay by making some very fine music about town just before the Music Hall meeting Friday afternoon, but a comparatively small number of people responded to the call. About 300 people were present to hear ex-Congressman Burton speak.

Dr. Jackson can tell you of your ailments better than you can describe them. See him at the Hotel Doty this evening or tomorrow.

HERRICK'S DEFEAT

Urged by the Miami Session of the Evangelical Lutheran Church at Dayton.

Dayton, O., Oct. 20.—At the conclusion of the session of the Miami Synod of the Evangelical Lutheran church last evening the following resolution was unanimously adopted:

"We reaffirm our action of one year ago in condemnation of the Governor of the great state of Ohio, in his action regarding the Brannock bill, and join with the other great demonstrations of the state in declaring his conduct in reference to this bill as unbecoming a man in high station, and that he deserves defeat at the polls on next election day by the temperance forces of the state."

SHAKESPEARE

is Simply Full of Slang—He Reeks With It, and Drinks of It, According to George Ade.

Chicago, Oct. 20.—So long as people clamor for slang they'll get it. Shakespeare is full of things you can't find in a polite dictionary. He reeks in slang; just reeks in it. And why not? You can't truthfully depict a class of people and leave out their vocabulary. As for a comparison between Shakespeare and me, I think that's a little premature. They ought to wait until I'm dead, at least.

George Ade, playwright and fable writer, thus replied to an attack on slang by Dr. Henry Vandike, Dr. Van dyke, in an address at Ithaca, N. Y., was quoted as saying:

"If I can persuade men to see the difference between Shakespeare's

writings and 'fables in slang,' I think I shall accomplish a great task."

"Well, I don't want to say anything against Shakespeare," continued Mr. Ade. "He couldn't reply, and, besides, I am in a position to sympathize with him. Neither of us is much of a go in New York."

"But Shakespeare has plenty of slang. Falstaff and Pistol used little else, and 'The Merry Wives of Windsor' is almost a continuous stream of colloquial English. I have tried my best to get away from it."

Woman Shot Dead.

Chicago, Oct. 20.—Mrs. C. A. McClusky, 45 years old, a widow, who kept a saloon, was murdered mysteriously this morning. A rap called her to the back door. As she opened the door a revolver shot rang out and she fell dead.

IN THE INTEREST OF GOOD ROADS

MEETING HERE THURSDAY NIGHT WAS ADDRESSED BY MR. W. E. LOUCK.

Local Organization Formed, Dr. Palmer Being Made President and Dr. C. L. Wyeth Secretary.

The first meeting of the Good Roads association was held at the Mayor's court room in the city building Thursday night and judging from the number who were in attendance, there will be but little trouble in arousing the interest of the local people in the project for better roads in Ohio.

Wellington E. Louck, the national organizer, was in the city and attended the meeting. He spoke to those assembled and stated the purpose of the meeting. He said that it was the purpose to organize the state thoroughly and that the object of the movement was to better the conditions of the roads in Ohio.

This is a non-partisan movement and no one is to be asked for any financial support. Colonel T. P. Rixey, speaking on legislation for good roads, advocated a thorough codification of the Ohio road laws. Ohio he said had more good road laws than nearly any other state in the union, but there were many of them which conflicted so badly that it was difficult intelligently to apply them. They should be merged into one general road law which would thoroughly cover the ground.

Colonel Rixey held that the greatest reason for poor roads was the lack of concerted interest by the public. He urged thorough organization, both for education and for making demand upon the legislature. In united strength alone was there hope of effect upon the law making body.

A temporary local organization was made Thursday night when Dr. I. N. Palmer was elected as temporary chairman and Dr. C. L. Wyeth was named as secretary. It was decided to hold another meeting next Monday night in the convention room at the Court House at which time the organization will be completed.

Arrangements will also be made at this meeting to hold a county convention in Newark at which time every farmer, merchant and professional man in the city will be urged to attend. This is a question which will be of great interest to all who want good roads. Over five thousand letters of invitation will be sent broadcast over Licking county to bring these interested people to Newark on the occasion of this big meeting.

At a state meeting at Columbus yesterday the following organization for Ohio was formed: President, Martin Dodge, Cleveland; vice presidents, D. J. Cable, Allen county; A. W. Mumford, Clark county; F. J. Fry, Seneca county; and J. M. Harper, Hamilton county; treasurer, George W. Lattimer, Columbus; recording secretary, Charles W. Dawson, Lima; corresponding secretary, Samuel Huston, Columbus.

The plan of organization contemplates auxiliary associations in every county in the state, each such organization being entitled to representation in the annual convention of the State association on the basis of one delegate for each 25 members in excess of 50. Each county organization shall be entitled to two delegates. The dues shall be 25 cents per capita for the members of the several county associations, payable to the treasurer of the State association annually, Jan. 1.

The next meeting of the association will be held in Columbus on the third Tuesday in January, and conventions will be held annually thereafter on that date. President Dodge was empowered to name a legislative committee to draft a bill, meantime, carrying the needs of the state in the way of road laws such as will tend to assist the highway commissioner in the furtherance of such work as the association advocates. This bill will be submitted to the state convention at its next meeting.

In this measure it is expected to combine all of the good points advocated by the National Good Roads association for states giving aid to road building and several of the existing road laws may be codified in such manner as to improve upon their present application. The bill will be offered at the next session of the legislature, with the combined backing of the Good Roads associations of the state.

WIFE STILL HAS HER BOY CULVER

CAPTAIN TAGGART SAYS HE IS READY FOR FURTHER LEGAL FIGHTING.

Wooster Attorneys Argue About Filing Affidavit of Prejudice Against Judge Eason.

Wooster, O., Oct. 20.—Captain E. F. Taggart left the city yesterday afternoon for Columbus to attend his duties at the Columbus Barracks. He was not accompanied by his son Culver, as he had hoped and planned. The Captain said of the action Wednesday night, when an appeal was taken to the Circuit court to keep the boy Culver, for the present at least, out of his custody:

"Mrs. Taggart and her relatives will find that I am ready for any legal fight that they may put up against me. I did my best to make the result of the suit as easy as possible for Mrs. Taggart, and had planned to let her have the boys the greater part of the time. Now that my efforts for an amicable understanding about the boys is met with sneers against what I believe is my right under decision of the court, I am resolved hereafter not to feel the slightest compunction about pushing my claims to the bitter end and as speedily as possible. If the Circuit court gives me the full control of both Tiddies and Culver I shall feel that it is my right to take them. Mrs. Taggart will have to look out for herself so far as the clemency on my part is concerned hereafter."

The attorneys had a long siege yesterday afternoon trying to arrange with Judge Eason a date for the hearing of the motion for a new trial. Mr. Wertz, for Captain Taggart, insisted upon having the hearing on Saturday, or within a few days. Judge Smyser, for Mrs. Taggart, declared that they could not get ready on short notice. No date was fixed.

Judge Eason talked very plainly to Mrs. Taggart's attorneys when they suggested that they would prefer to have another Judge hear the motion. Judge Eason declared that there was no law for such a proposition, and insisted that he would hear the motion, and would set a date before Monday next.

Judge L. R. Critchfield of this city, who has been added to Mrs. Taggart's force of attorneys, during his remarks intimated to Judge Eason that it might be necessary to file an affidavit of prejudice against him. Critchfield and Captain James B. Taylor also argued that the evidence was not sufficient to warrant the charge of infidelity against Lieutenant Fortesque and Billy Taggart, and that ground of gross neglect was sufficient, and that, for the sake of the children, these charges should be taken from the record. Judge Eason refused to make the change, but intimated that if the parties could get together as to the children he might do so.

CHINAMAN

Wedded a Jap Woman on a Bridge and International Complications Threaten.

El Paso, Oct. 20.—Circumventing the laws of two nations, Charley Fong, a Chinaman, and Catalina Ruscond, a Japanese widow, were married on the international bridge yesterday.

Fong lives in Durango, Mexico, and was unable to enter the United States because of the exclusion act.

Catalina's husband, who was an Italian, and a naturalized American, had been dead less than a year, and so under the Mexican law she was ineligible to marry again. She requested the state department to grant her permission to enter because her husband was a citizen, but she was refused.

The immigration officers arranged for the wedding at the detention station, on the international bridge, and now, it is said, some international complications will ensue.

CAUTION

Displayed by the Girl Saved a \$75,000 Jewel For the New York Concern.

New York, Oct. 20.—A girl employee's caution in hiding a piece of diamond jewelry over night resulted in an alarm that a necklace worth \$75,000 had been stolen. Until the girl herself arrived to reveal the missing jewelry's hiding place, William Scherer's manufacturing jewelry establishment at 542 Fifth street, was closed to every one except detectives and employees, the latter being positively forbidden to leave the place. The girl, who worked as a polisher, appeared at work late and said that not having finished burnishing the jewelry before the safe was closed last night, she had hidden it.

Bluffed detectives and the force of employees were then led by the girl to the place where she worked last night and had hidden the necklace. The detectives retired and the valuable jewelry, supposed to be lost, was put in a place of safety.

TO THE PEOPLE OF NEWARK

The report has been circulated that The Newark Water Company does not desire to sell its plant to the city. This report is false.

On behalf of The Newark Water Company I have endeavored for the last two years to obtain a sale to the city through an appraisal.

The city officials claim if the appraisal is too high the city may nevertheless be compelled by the company to take the property.

The Water Company has and still does agree to waive any such right if such right does exist.

If the city will undertake the appraisal and no agreement be reached The Water Company will agree.

1st. That the hydrant rental contract will be extended at the option of the city as long as is necessary to complete a municipal plant.

2nd. The city will be secured against any liability either to take the property or to pay any costs, attorney fees or expenses on account of any litigation arising out of the appraisal or sale.

The Water company only asks a fair business-like investigation of its property. An appraisal will enable everybody to know what the plant is, how it can be used by the city, and what it is worth.

This has been the position of the Water company from the outset.

The Water company claims that a fair consideration of the matter will convince the people that by a purchase of its property they will save:

1st. \$200,000 in cost of construction.

2d. The tearing up of many miles of paved streets.

4th. From \$5,000 and up annually income from private consumers.

5th. \$25,000 in making connections with private consumers as well as the annoyance of digging up the streets for the purpose.

NEWS OF OHIO

His Prayer Answered.

Youngstown, O., Oct. 20.—Two months ago John H. McMahon, 65, prayed that the life of his son, who was suffering from a serious ailment, be spared, and that he might die in his place. Mr. McMahon has just died after an illness of four weeks. Young McMahon was at the point of death of neuralgia of the stomach. The prayer of the elder McMahon was seemingly answered at once, as the next day his son's condition was greatly improved and he himself became very ill with liver trouble and dropsy. He gradually became worse, and at the same time his son's condition grew better.

Died at Herrick Home.

Cleveland, O., Oct. 20.—James Coleman of San Francisco, who was the guest of Parmelee Herrick, son of Governor Herrick, died at the Herrick home in this city of appendicitis. Coleman was an intimate friend of young Herrick and had been visiting him several months. He was stricken with appendicitis six weeks ago and underwent an operation at a Cleveland hospital. Parmelee Herrick became acquainted with Coleman, who was a mining engineer, some years ago while traveling in the west.

Company's Charter Revoked.

Cleveland, O., Oct. 20.—The affairs of the Indemnity Saving and Loan company were wound up in circuit court. The assets of the company were placed in the hands of W. E. Guerin, Jr., and Joseph R. Kraus, as trustees, who will settle the business of the concern. The company's charter was revoked and it will not be allowed to do business. The court also set aside the deed of assignment filed by the company last Saturday night in the insolvency court.

Good Roads Association.

Columbus, O., Oct. 20.—The Ohio Good Roads association was organized here by the election of Martin Dodge of Cleveland as president; George W. Latimer, Columbus, treasurer; Chas. W. Dawson, Lima, recording secretary, and Samuel Huston, Columbus, corresponding secretary. The plan of organization contemplates auxiliary associations in every county in the state.

Children Fatally Burned.

Toledo, O., Oct. 20.—A baby girl 10 months old was burned to a crisp and her three-year-old brother was so badly burned that he can not live in a fire that destroyed the home of Frank Pozdny, in the Polish section here. The mother had locked the children in the house while she went to grocery near by. She had been gone but a few minutes when an overheated stove set fire to the kitchen.

Fearful Surgeon's Knife.

Toledo, O., Oct. 20.—John Heemsoth, an Ohio Central fireman, committed suicide by shooting himself in the head with a revolver rather than be placed under the surgeon's knife at the hospital. Heemsoth was afflicted with appendicitis, and when informed by physicians that only an operation could save his life he refused and later shot himself.

Woman's Suffrage Convention.

Warren, O., Oct. 20.—The Ohio woman's suffrage convention closed here with an address by Rev. Anna Shaw and Mrs. Jenny Howe of Cleveland. The officers elected were: President, Mrs. Harriet Taylor Upton, Warren; vice president, Dr. Carrie Davis, Sandusky; treasurer, Dr. Sarah Gastou, Niles. The next meeting will be held in Toledo.

Collision on Electric Line.

Wooster, O., Oct. 20.—While rounding a curve at Jackson a limited car on the Wooster and Cleveland electric line crashed into the rear of a regular car. A dozen persons suffered slight bruises and cuts. Mrs. Frank Rowe of Edgewood place, Cleveland, suffered a broken rib, and it is feared she is internally injured.

Fatal Auto Wreck.

Cleveland, O., Oct. 20.—In a desperate effort to prevent an automobile wreck on a dark road near Willoughby, F. B. Stearns, president of F. B. Stearns & Company, makers of motor cars, was probably fatally hurt. He was pinned beneath his wrecked car and his spine was injured.

Husband's Pleat.

Akron, O., Oct. 20.—John Oroark, in a petition for divorce from his wife Rhoda, filed in the common pleas court, claims that his wife blacked his eyes on an average of once a week for the past three years. He says he carried a black eye continually during that time.

Newark Guest Present.

Storertown, O., Oct. 20.—Misses Fannie Moore of Newark and Anne Gibson of Roseville spent Sunday with George Gibson and family.

Glassblower Lynn Ill.

Coshocton, O., Oct. 20.—Harry Lynn, a glassblower, is lying critically ill with appendicitis in his room at the Standen hotel. Lynn's home is in Massillon.

Given Good Send Off.

St. Vernon, Oct. 20.—Mr. and Mrs. Clyde G. Conley, who were married on Wednesday afternoon, departed on the south bound C. & C. passenger train on their wedding trip, their destination being kept a secret. At the depot the bride and groom were met by members of the Old Homestead club, of which Mr. Conley is president. The
